ManageEngine Wins Four 2011 Editors' Best Awards From Windows IT Pro Magazine

ManageEngine, makers of a globally renowned suite of cost effective network, systems, security, and applications management software solutions, today announced that its products won four medals in the "2011 Editors' Best Awards" by Penton Media's Windows IT Pro magazine.

- [ManageEngine ADManager Plus](#) was named an Editors' Best as well as Community Choice Silver Medal winner in the Best Active Directory/Group Policy manager category.
- [ManageEngine Desktop Central](#) was named a Community Choice Silver Medal winner in the Best Deployment/Configuration manager category.
- ManageEngine Desktop Central was also named an Editors' Best Silver Medal winner in the Best Patch Management category.
- [ManageEngine Applications Manager](#) was named an Editors' Best Bronze Medal winner in the Best Systems Monitoring category.

The 2011 Editors' Best Awards are based on a product's strategic importance to market, its competitive advantages, and its value to customers.

"Our Editors' Best Awards let us leverage our contributing editors' expertise to provide well-earned recognition to products that exceed industry standards," said Jason Bovberg, senior editor, Windows IT Pro. "As we did last year, we've also added valuable, in-the-trenches insight from our reader community about the winning products. We're proud to now share this invaluable information with our Windows IT Pro and SQL Server Magazine communities. Our winners should be extremely proud of this recognition from our editorial experts."

"IT professionals are looking for ways to manage and support their organizations more effectively," said Raj Sabhlok, president, ManageEngine. "We are honored that the Windows IT Pro editors and community have recognized the importance of these real-time IT tools in changing the game for our customers and the marketplace in general."
