CASE STUDY

“

We are an emergency healthcare provider. We see the software as good risk avoidance with some good risk management practices and help us meet HIPAA compliance. We chose ADAudit Plus, which works 24/7/365 like us.

JT Mason - Director of IT, California Transplant Donor Network (CTDN)

”

Business Needs

The California Transplant Donor Network (CTDN) is designated by the federal government to serve as the link between organ and tissue donors and individuals awaiting transplantation. Established in 1987, it is the third largest organ procurement organization in the United States. CTDN were in need of AD audit software with possibility for custom reports and alerts.

Solution

The emergency healthcare provider working 24/7/365 decided on ADAudit Plus for its network security and for HIPAA Compliance requirements. They could now monitor and track the Active Directory changes along with customizing reports and alerts to suit their business processes. CTDN credits ADAudit Plus as a cost effective product, ease of use and good risk avoidance software with good risk management practices.
