Business Needs

Established in 1939, Seattle Housing Authority (SHA) provides long-term rental housing and rental assistance to more than 29,500 people in the city of Seattle. The agency owns and operates buildings of all shapes and sizes on more than 400 sites throughout the city. SHA needed to govern their 630 employees' network login activities across 70 locations without having to verify.

Solution

The municipal corporation decided on ADAudit Plus, comprehensive Active Directory audit software that provides accurate Active Directory event details with 150+ reports and instant email alerts. The requirements for tracking various employee logons were met by Logon Activity based on IP Address, Logon Activity based on DC, User Logon Activity, Logon History, Logon Duration and many more reports. The AD changes were easy to track with the numerous ADAudit Plus reports categorized within User / Account / Group / Computer / OU / GPO management reports.
