Business Needs

Tecnisa SA is a Brazil-based company involved in the real estate sector. The Company and its subsidiaries are engaged in the development, construction, leasing, management, purchase and sale of residential and commercial real estate properties and lands. Tecnisa SA needed to monitor their Active Directory environment but without the need for technical expertise to generate the events information.

Solution

Tecnisa SA, a construction company with high standards decided on ADAudit Plus to solve their need for a thorough auditing and reporting software. Tecnisa SA did not want their employees to delve technically to generate the audit information. ADAudit Plus provides a very simple GUI for the Company to easily monitor their network environment and fetch the required audit information from the 150+ advanced audit reports and email alerts. The competitive pricing for the many features were the other highlights.
