

Thomas cook redefines Active Directory management with ADManager Plus

Customer for case study

- A 130 years old company
- Offers services in Tours & Travels, Travel insurance & Foreign exchange segments
- The Group operates under six geographical segments in 22 countries
- Stands number one or two in all its core markets.
- Serves more than 23 million customers

- Fetching reports from AD took our IT people a lot of time
- Having to fetch it from the complex AD environment made the process more tiresome
- The absence of a AD management tool made technical expertise in AD a must for the IT staff

How did ADManager Plus address the challenge..

- Awe-striking reporting feature – a report for every need in just a few minutes
- The template-based bulk user creation and modification is another feature that added more cream to the pie
- Simply easy deployment
- & definitely Cost effective

Testimonial...

“It has competitive features & is as easy as well as user friendly application & the other important factor is our experience with ManageEngine ‘s incredible technical support team who were prompt on support pre & post trial of the product”

-Mr. Swapnil Patkar, Manager-IT Thomas Cook (India) Ltd.
