

Busted: Three Identity management myths

Mark

Mark is an old-school AD administrator that uses native Active Directory tools and PowerShell. However, he finds that the simplest of tasks seem to be taking large chunks of his time.

Sarha

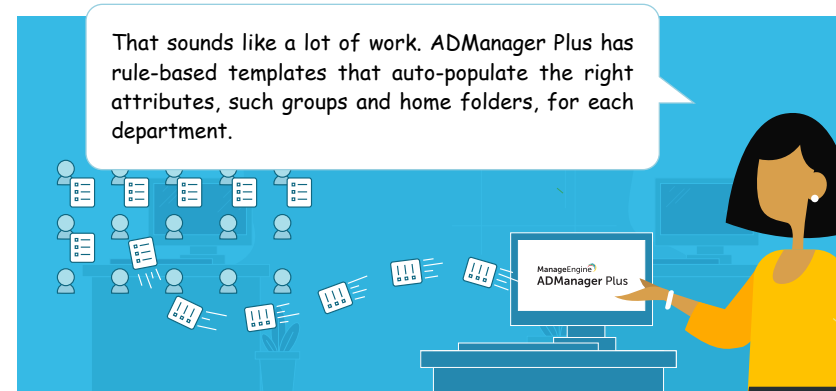

Sarah claims to have struck gold with an AD management solution.

Myth #1 User onboarding takes a long time.

Myth #2 Setting up user access and privileges is time-consuming.

Myth #3 Deprovisioning can be scary.

ManageEngine ADManager Plus is a web-based Windows AD management and reporting solution that helps AD administrators and help desk technicians accomplish their day-to-day activities. With an intuitive, easy-to-use interface, ADManager Plus handles a variety of complex tasks and generates an exhaustive list of AD reports, some of which are essential requirements to satisfy compliance audits. It also helps administrators manage and report on their Exchange Server, Office 365, and G Suite environments, in addition to AD, all from a single console.
