ManageEngine AssetExplorer is a web-based IT Asset Management (ITAM) software that helps you monitor and manage software and hardware assets in your organization, ensure software license compliance, and maintain purchase orders and contracts. The native mobile app available in Appstore and Playstore allows technicians to discover, track, manage, and control all your IT assets on the go.

- 10+ years of asset management
- Used across 185 countries
- Available in 37 languages
- Real-time software compliance dashboard
- Free edition with full functionality up to 25 nodes

Scalability
Asset Explorer can handle,

- Unlimited number of technicians
- 7,000 sites
- 35,000 groups
- 30,000 IT assets
