Feature Comparison Between MDM and Agent Installation

This document provides a feature-wise comparison between using MDM and installing agents in your system.

FEATURES	AGENT INSTALLATION	MDM
PATCH MANAGEMENT		
Automated Patch Management	✔	x
Service Pack Deployment	✔	x
Third-Party Patch Management	✔	x
Windows Driver and BIOS Patch Management	✔	x
Server Application Patch Management	✔	x
Antivirus Definition Updates	✔	x
Test and Approve Patches	✔	x
SOFTWARE DEPLOYMENT		
Install/Uninstall commercial software	✔	x
Self service portal	✔	x
5000+ Pre-defined templates	✔	x
Automatically update software templates	✔	x
OS DEPLOYMENT		
OS imaging and deployment	✔	x

Remote office Deployment	✔	**x**
Hardware-independent Deployment	✔	**x**
Multiple Boot Options	✔	**x**
Image Customization using Deployment Templates	✔	**x**
REMOTE CONTROL		
HIPAA and PCI compliant remote control	✔	**x**
Integrated file sharing tool	✔	**x**
Built-in Communication Channels	✔	**x**
Record remote sessions	✔	**x**
Collaborative trouble shooting	✔	**x**
Shadow users	✔	**x**
Blacken end user's monitor	✔	**x**
Multi-monitor support	✔	**x**
Audit session details	✔	**x**
ASSET MANAGEMENT		
Hardware and Software Inventory tracking	✔	**x**
Detect and automatically uninstall blacklisted software	✔	**x**
Block malicious executables	✔	**x**
Software metering	✔	**x**
Software license management	✔	**x**

CONFIGURATIONS		
USB device management	✔	x
Power management	✔	x
Execution of custom scripts	✔	x
Certification Distribution	✔	x
Printer management	✔	x
Manage files, folders, users, groups	✔	x
Permission management	✔	x
100+ defined templates	✔	x
MISCELLANEOUS		
Branch office management	✔	x
Roaming user management	✔	x
Multi-technician support	✔	x
Role-based administration	✔	x
Two factor authentication	✔	x
Active directory authentication	✔	x
Distribution server for bandwidth optimization	✔	x
Audit-ready reports	✔	x
ENDPOINT SECURITY		
Vulnerability assessment and threat mitigation	✔	x
Browser security	✔	x
Application control	✔	x
Device control	✔	x
Bitlocker management	✔	x
ADD-ONS		
Failover server	✔	x
Secure gateway server	✔	x

Multi-language pack	✔	x
MOBILE DEVICE MANAGEMENT		
Content Management	x	✔
Containerization	x	✔
OS update management	x	✔
Remote control	✔	✔ (LIMITED)
Location history	x	✔
Geo-fencing	x	✔
Profile management	x	✔
Audit and reports	✔	✔ (LIMITED)
Device onboarding	x	✔
Application management	x	✔
Email management	x	✔
Enforce device passcodes	x	✔
Remote lock	x	✔
Geo-location tracking	x	✔
Remote wipe	x	✔
Corporate wipe	x	✔
Kiosk Mode	x	✔
Asset Management	✔	✔ (LIMITED)
Simple Certificate Enrollment Protocol (SCEP)	x	✔
Silent Installation	x	✔
